

As a leading manufacturer of brass fittings for the waterworks industry, Cambridge Brass takes great pride in quality, innovation and customer service. For over 100 years we understand the needs of a changing market and continue to develop products for today and the future. We offer a full line of corporation brass, setters, and saddles in both standard and no lead brass. For further information on Cambridge Brass, please contact us.

Our Single Section Repair Clamps come in a variety of different sizes and styles. Due to the large number of individual products, we have created an easy chart that highlights our most popular specifications.
